(One choice from each applicable Section must be checked. If you have questions about this form, please contact your Designated Agent.)

II. Information Concerning Required Minimum Distributions

Deadline: IRS rules require that you begin receiving distributions from your IRA by your Required Beginning Date or RBD (April 1 following the calendar year in which you become age 70½), and then again by December 31 of that same year and every year thereafter. If you would like First Trust to make your minimum distribution, we must receive these instructions at least 30 days prior to the required distribution date. Substantial IRS penalty taxes may be assessed if the appropriate IRS deadline is not met.

Amount: The minimum amount required to be distributed is, generally, based on the previous year-end IRA value divided by the applicable distribution period or fixed number of years.

Beneficiary Designation: Included with this form is an IRA Beneficiary Designation. The IRA Beneficiary Designation must be completed before First Trust can help you calculate your Required Minimum Distribution (RMD) amount.

To complete this section: Please complete all applicable information below to specify how you wish to handle the required distributions from your account. If we do not hear from you by your required distribution date, we will assume that you have met your required minimum by taking distribution from another IRA.

You must choose one of the following in addition to completing the IRA Beneficiary Designation. If you have questions regarding which choice is appropriate for your particular situation, please contact your Designated Agent.

Private Label Traditional IRA Required Minimum Distribution Request (continued)

**Notice of Withholding on Distributions or Withdrawals
From IRAs**

This notice is required to be furnished to you by IRS regulations each time an IRA distribution is requested.

The distributions you receive from your retirement plan are subject to federal income tax withholding. You are liable for payment of federal income tax on the taxable portion of your distribution regardless of whether you elect to have tax withheld. If you have provided First Trust Corporation your residence address within the United States, you may elect not to have withholding apply. Withholding will only apply to the portion of your distribution that is included in your income subject to federal income tax. If you have not provided First Trust Corporation with your residence address, or if you have provided a residence address outside of the United States, withholding generally is required. You cannot elect out of withholding.

If you are eligible (as explained above), you may elect not to have withholding apply to your distribution payments by completing the election form under Section VI, of the Traditional IRA Required Minimum Distribution Request Form and returning it by mail to your Designated Agent.

If you elect not to have withholding apply to your distribution payments, or if you do not have enough federal income tax withheld from your distribution, you may be responsible for payment of estimated tax.

If you intend to make a rollover deposit of the distribution you are receiving, you should consider the election not to have tax withheld.

If you do not return an election form before the distribution is made from your account, federal income tax will be withheld from the taxable portion of your distribution.

Your election will remain in effect until you revoke it and will be honored for all future distributions from this IRA. You may revoke an election by completing a new Traditional IRA Required Minimum Distribution Request Form, available from your Designated Agent.
