The performance results presented in this document are net of all fees and expenses. Past performance is not necessarily indicative of future results. No representation is made that an investor will obtain similar results to those shown above.

This document does not constitute an offer to sell or the solicitation of an offer to buy shares of any Fund. Such offer or solicitation may only be made by means of delivery of a Confidential Offering Memorandum that contains a description of the material terms (including risk factors, conflicts of interest, fees and charges and regulatory and tax considerations) relating to an investment in the Fund.

An investment in a Fund is speculative and involves a high degree of risk. There can be no assurance that the Fund's investment objective will be achieved, and investment results may vary substantially from year to year. Some of the Funds, and some of the Managers in which some of the Funds invest, may utilize leverage and such Funds' performances may be volatile. An investor could lose all or substantially all of his or her investment. The fees and expenses of a Fund may offset its trading profits.
