The Net Asset Value per Share on May 31, 2002 was \$845.52, with total assets of \$3,716,977,465.
Offerees	Purchasers who are not citizens, nationals or residents of, or institutions or other entities organized, chartered or resident in, the United States. See "OFFERING OF SHARES".
Minimum Subscription	The minimum initial subscription per investor is U.S. \$100,000 unless the Fund deems it advisable to permit subscriptions for a lesser amount. Following his initial investment, a shareholder may make additional investments in amounts of not less than U.S. \$50,000.
Maximum Capitalization	The Fund will not accept a subscription tendered at a time when the number of its outstanding Shares is 5,000,000. As of May 31, 2002, the Fund had 4,396,071 shares outstanding.
Subscription Procedures	It is preferable that subscriptions be made by wire transfer. However, subscriptions may be made by mail if necessary.
Solicitation of Subscriptions	There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents or other intermediaries. Such unaffiliated placement agents and intermediaries may charge their clients a placement fee of up to 5% of the total amount of the subscription for Shares sold with their assistance, and/or share in the fees earned by Fairfield Greenwich Limited, as Investment Manager, which they may rebate to their clients. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent and such amounts will not constitute part of the assets of the Fund.
Business Objective	The Fund will seek to achieve capital appreciation of its assets principally by allocating its assets to an account at Bernard L. Madoff Investment Securities, Inc., a registered broker-dealer,

320478.1

	which employs an options trading strategy describes as “split strike conversion”. See “INVESTMENT POLICIES”.
Investment Manager	Fairfield Greenwich Limited (“FGL” or the “Manager”), a corporation organized under the laws of the Cayman Islands, serves as the Fund’s investment manager. Jeffrey H. Tucker, Walter M. Noel, Jr. and Andres Piedrahita are the main principals of FGL. Mr. Noel is also a Director of the Fund (see “MANAGEMENT OF THE FUND”).

Exchange Listing	The Fund was admitted to the Official List of the Irish Stock Exchange in Dublin, Ireland on January 12, 1995. The Fund was issued SEDOL number 0-334-934. There can be no assurance that a public trading market will develop for the Fund’s shares and none has developed to date. Shareholder redemption rights are not affected by this listing.

COMPENSATION AND EXPENSES

Such expenses were paid by the Fund and were amortized among the Fund’s shareholders during a period of five years from November 30, 1990, the date the Fund commenced operations. The Fund will bear, for each year, all
-----------------	---

continuing offering costs; all ordinary legal and auditing fees; all registrar, transfer agent and administration fees; all insurance expenses; and all expenses in maintaining the Fund's office and all other expenses incurred in the operation of the Fund, if any, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund, as well as all fees and all ordinary and necessary expenses related to the Fund's investment and trading activities. In addition, the Fund will reimburse the Manager on a quarterly basis in an amount equal to one-fortieth of one percent (0.025%) of the Net Asset Value of the Fund as of the last day of each calendar quarter for bearing certain of the internal accounting and operational costs incident to the Fund's activities.

The Manager will receive, for each calendar quarter, a performance fee with respect to each Share outstanding during such calendar quarter in an aggregate amount equal to 20% of any New High Net Profits, subject to reduction in connection with certain offsets (as defined under "FEES, COMPENSATION AND EXPENSES - Performance Fee") with respect to each Share. Shares which are either purchased or redeemed during a calendar quarter shall be subject to the payment of a performance fee only for the portion of the calendar quarter during which such Shares were outstanding. The performance fee will only be paid on "new appreciation" in the Fund's Net Asset Value.

The Manager and the Fund may enter into an agreement pursuant to which the Manager may elect to defer payment of all or a portion of its performance fees.

The Investment Manager

The Fund's investment manager is Fairfield Greenwich Limited, a corporation organized under the laws of the Cayman Islands ("FGL" or the "Manager"), which was incorporated on October 24, 2001. It is responsible for the management of the Fund's investment activities, including the allocation of the Fund's assets to a managed account maintained at Bernard L. Madoff Investment Securities, Inc., the selection of the Fund's other investments, monitoring those investments and maintaining the relationship between the Fund and its escrow agent, custodian, administrator, registrar and transfer agent. The Manager has an office at 399 Park Avenue, New York, New York 10022; telephone number (212) 319-6060.

The Fairfield Greenwich Group ("FGG"), of which the Manager is an affiliate, was established in 1983 and has over \$4.9 billion employed in alternative asset management funds. Throughout its history, the firm has internally managed its own alternative asset funds and selectively identified external managers for affiliations where it serves as a marketing and distribution partner, and obtains underlying portfolio information for monitoring and client communication purposes.

The Manager and its affiliates currently serve as investment or administrative manager to approximately twenty funds, and have exclusive distribution arrangements with several others. FGG maintains its principal office in New York, with a significant presence in London. Marketing and client support offices exist in other locations in the United States, Europe, and Latin America. FGG's London entity is licensed and subject to the supervision of FSA, and another FGG-affiliated entity is registered as a broker-dealer in the United States.

Following is biographical information on the founders, principal officers and certain other key employees of FGG:

Walter M. Noel, Jr., co-founded FGG in 1983. His background is summarized above under "MANAGEMENT OF THE FUND AND OTHER RELATIONSHIPS - The Fund".

Andres Piedrahita founded Littlestone Associates in 1991, which merged with FGG in 1997. Mr. Piedrahita directs the Group's European and Latin American activities. Mr. Piedrahita has over fifteen years of experience in the investment business. Prior to the merger, Mr. Piedrahita was the Director and President of Littlestone Associates, Inc. (1991-1997). He was previously a Vice President at Shearson Lehman Hutton, specializing in money management consulting for non-U.S. institutions and individuals (1987-1990). Before joining Shearson, Mr. Piedrahita was a financial consultant with Prudential Bache Securities Inc. in New York (1981-1987). He received his Bachelor of Arts degree from Boston University's School of Communications.

Jeffrey Tucker is managing partner of FGG's activities. He has over twenty years of experience in investment related businesses. Mr. Tucker was an attorney with the Securities and Exchange Commission from 1970 to 1978. From 1975 to 1978, he was an Assistant Regional Administrator of the SEC's New York regional office, with supervisory responsibility for approximately half of its enforcement program. Mr. Tucker entered private practice in 1978 as a partner at the law firm Tucker, Globberman & Feinsand, where he remained until 1987. He specialized in securities and transactional matters, with a principal focus on limited partnership offerings. Mr. Tucker entered the securities industry in 1987 as a general partner of Fred Kolber & Co. ("Kolber"), a registered broker dealer. At Kolber, Mr. Tucker was responsible for the development and administration of the firm's private investment funds. FGG began its association with Kolber at that time as a marketing agent, and the firms subsequently merged activities.

Throughout FGG's development, Mr. Tucker has been responsible for directing its business and operational development and has been a director or general partner for a variety of its investment funds. In 1989, Mr. Tucker introduced the Madoff Securities relationship to FGG, which became the basis for FGG's Fairfield Sentry Limited. Mr. Tucker received his Bachelor of Arts degree from Syracuse University and his JD from Brooklyn Law School.

Robert Blum assists in all aspects of FGG's activities and focuses on product creation as well as operational and legal matters. Mr. Blum has over fifteen years of directly relevant operational and legal experience in the alternative asset management arena. He previously worked at CIBC Oppenheimer Corp. (1989-1999) where he was a Managing Director, a member of the firm's Management and Operating Committees, and served in various roles during his career, including Deputy General Counsel. At CIBC Oppenheimer, Mr. Blum had extensive business responsibility (including management and operational roles) and legal involvement in the development of a wide range of transactions and businesses in the alternative and conventional asset management areas. Mr. Blum began his career as an associate in the law firm of Fulbright & Jaworski (1984-1989). Mr. Blum received his Bachelor of Arts degree from the University of Pennsylvania and his JD from the University of Chicago Law School.

Gregory Bowes focuses on all aspects of new business development including manager selection. He has eighteen years of experience in capital markets. Before joining FGG in 2000, Mr. Bowes advised large pools of private capital at Morgan Stanley (1999-2000). He previously managed the proprietary trading and broker-dealer operations for Greenwich NatWest in Europe (1997-1999). Before that, he was responsible for Greenwich International (1993-1997), a fixed income arbitrage business and the European-based broker-dealer operation for Greenwich Capital Markets. The combined businesses managed in excess of \$10 billion in positions, long and short, across all G10 interest rate and derivative markets. Previously, he worked in institutional sales and proprietary trading for Greenwich Capital (1987-1993). Mr. Bowes began his career at Bankers Trust (1983-1987) in a variety of institutional capital markets positions. He received his Bachelor of Arts degree from Bowdoin College.

Harold Greisman focuses on manager selection and risk oversight. Mr. Greisman has over fifteen years of experience in the investment business. Prior to joining FGG in 1990, Mr. Greisman was an Associate in the Capital Markets Group of Continental Bank (1984-1985) and then worked for DNB Capital Corporation (1985-1990), a proprietary private equity & venture capital operation controlled by Den Norske Bank. Mr. Greisman began his career at Johnson & Higgins, a large industrial insurance brokerage (1978-1982). Mr. Greisman received his Bachelor of Arts degree from Tufts University and his MBA degree from the Stern School of Business at New York University.

The Manager and certain of its principals have beneficial interests in the Fund.

INVESTMENT POLICIES

The Fund seeks to obtain capital appreciation of its assets principally through the utilization of nontraditional options trading strategies. The Manager has established a discretionary account for the Fund at Bernard L. Madoff Investment Securities, Inc. (sometimes referred to as "BLM"), a registered broker-dealer in New York, who utilizes a strategy described as "split strike conversion", to which it allocates the predominant portion of the Fund's assets. This strategy has defined risk and profit parameters, which may be ascertained when a particular position is established. All investment decisions in the account at BLM are effected by persons associated with BLM. The firm, which employs approximately 300 people, acts primarily as a market-maker in stocks and convertible securities. Most of the stocks for which it acts as a market maker are also listed on the New York Stock Exchange. Set forth below is a description of the "split strike conversion" strategies.

The establishment of a typical position entails (i) the purchase of a group or basket of equity securities that together will highly correlate to the S&P 100 Index (the "OEX"), (ii) the sale of out of the money OEX call options in an equivalent contract value dollar amount to the basket of equity securities, and (iii) the purchase of an equivalent number of out of the money OEX put options. A call option is out of the money when its strike price is greater than the current price of the stock; a put option is out of the money when the strike price is lower than the current price of the stock. The basket typically consists of approximately 35 stocks in the OEX.

The logic of this strategy is that once a long stock position has been established, selling a call against such long position will increase the standstill rate of return, while allowing upward movement to the short call strike price. The purchase of an out-of-the-money put, funded with part or all of the call premium, protects the equity position from downside risk.

A bullish or bearish bias of the positions can be achieved by adjustment of the strike prices in the OEX puts and calls. The further away the strike prices are from the price of the OEX, the more bullish the strategy. However, the dollar value underlying the put options always approximates the value of the basket of stocks.

BLM acts as a principal in connection with its sale of equity securities to the Fund and the purchase of equity securities from the Fund. BLM acts as a market-maker in the stocks purchased and sold by the Fund. These market making activities enable BLM to trade with the Fund as principal.

The options transactions executed for the benefit of the Fund are effected, primarily, in the over-the-counter market, not on a registered options exchange. See "POTENTIAL CONFLICTS OF INTEREST."

Other Investments

The Manager, in its sole and exclusive discretion, may allocate a portion of the Fund's assets (never to exceed, in the aggregate, 5% of the Fund's Net Asset Value at the time of investment) to alternative investment opportunities other than the account at BLM ("the "Non-BLM Investments"). It is anticipated that the Non-BLM Investments will be allocated among several managers, with no single allocation exceeding \$50 million at the time it is made. These arrangements may include "lock-up" provisions of varying durations of these assets in such investments, subject to early release for breach of risk control or performance guidelines, or for cause. The Fund will pay fees with respect to the Non-BLM Investments at a rate that will not exceed the Fund's rate of fees (in certain cases, this may be accomplished by the Manager subsidizing, from its own moneys, the fees charged on these assets by Non-BLM Investment managers). The Manager and its affiliates may separately benefit from these Non-BLM Investment arrangements. See "POTENTIAL CONFLICTS OF INTEREST".

In order to ensure that the Fund will not be subject to United States federal income taxation on trading gains from the disposition of certain investments, it is expected that the Fund will not invest in any "United States real property interest" (including, for example, certain interests in any U.S. Corporation that is a "United States real property holding corporation"), as such terms are defined under the U.S. Internal Revenue Code of 1986 (the "Code") and the Treasury Regulations promulgated thereunder. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

The Fund may invest some of its assets in short-term U.S. government obligations, certificates of deposit, short-term high grade commercial paper and other money market instruments, including repurchase agreements with respect to such obligations, money market mutual funds and short term bond funds. In order to ensure that substantially all of the interest earned by the Fund will not be subject to United States

federal withholding taxes, any investment in an obligation of a U.S. person or entity (other than in certificates of deposits in banks) primarily will be in an instrument (i) which is issued and purchased at a discount from its face amount, which is not otherwise interest bearing, and which has a term of no more than 183 days from the date of issuance or (ii) which is in registered form and which is issued after July 18, 1984. (See "TAX CONSIDERATIONS AND EXCHANGE CONTROL.")

OFFERING OF THE SHARES

The Fund is offering up to 5,000,000 Shares. The initial offering price was U.S. \$200 per Share on November 30, 1990. The Shares are currently offered at a price equal to the Net Asset Value per Share (as defined) as of the date of issuance. As of May 31, 2002, the Net Asset Value per Share was \$845.52, with 4,396,071 Shares outstanding. The Shares may not be sold directly or indirectly to (i) natural persons who are citizens, nationals, or residents of, or institutions or other entities organized, created, formed, chartered or resident in, the United States of America, (ii) entities as to which any person or entity described in (i) above is, directly, or indirectly, a beneficiary, fiduciary, grantor or decedent, or (iii) institutions or other entities owned, in whole or in part, directly or indirectly by the persons or entities described in (i) or (ii) above ("U.S. persons"). No shares may be subject to an option held by a U.S. person. Any transfer of Shares to a U.S. person is prohibited and will be subject to immediate and compulsory redemption by the Fund. See "TRANSFERS, REDEMPTIONS AND TERMINATION - Transfers."

The minimum initial purchase by each subscriber is U.S. \$100,000, unless the Fund deems it advisable to permit subscriptions for a lesser amount. The Fund may reject any subscription, in whole or in part, in its discretion. All subscriptions, once made, are irrevocable to the subscriber.

All proceeds from the sale of Shares will be received by the Fund in trust and will be deposited by the Fund into a segregated interest bearing account in the Fund's name at the Fund's escrow agent, Citco Fund Services (Europe) B.V. ("Citco").

There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents and other intermediaries, who may charge a placement fee of up to 5% of the total amount of the subscriptions for Shares sold, and/or share in the fees earned by the Manager, which they may rebate to their clients. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent and such amounts will not constitute part of the assets of the Fund.

The Fund will offer its Shares on a continuous basis at a price equal to its Net Asset Value as of the date of issuance of such Shares. Subscriptions received during any calendar month prior to the fifth to the last business day of the month will be accepted, subject to the sole discretion of the Manager, as of the first day of the following month. Thus, for example, subscriptions received between January 1 and January 25 shall be accepted as of February 1. The Fund reserves the right, in its discretion, to accept any subscription prior to such first day.

The Fund was admitted to the Official List of the Irish Stock Exchange, Dublin, Ireland on January 12, 1995. The Fund was issued SEDOL number 0-330-934. There can be no assurance that a trading market in the Fund's Shares will develop and none has developed to date. The listing does not affect shareholder redemption rights.

Net Asset Value Defined

Net Asset Value is defined as the Fund's total assets, including (i) all cash and cash equivalents, including bank deposits and interest bearing obligations (valued at cost plus accrued interest and discount), (ii) securities positions (valued at closing prices) and (iii) the liquidation value of all options positions, less total liabilities of the Fund (utilizing generally accepted accounting principles as a guideline, consistently applied under the accrual method of accounting), except to the extent set forth below:

(i) In the case of extraordinary circumstances which warrant a different valuation of any securities, such as an inability to liquidate existing positions, such securities will be valued at such prices as the Manager shall determine; and

(ii) The amount of any distribution or dividend made shall be a liability of the Fund from the day when the distribution or dividend is declared until it is paid.

All decisions on the valuation of assets and liabilities and determination of Net Asset Value shall be made by the Fund's Board of Directors.

Net Asset Value per Share is defined as the Net Asset Value divided by the number of Shares then outstanding.

FEES, COMPENSATION AND EXPENSES

Start-up Expenses

The initial offering and organization expenses (including legal and accounting fees), of approximately U.S. \$5,000 were paid by the Fund. Such expenses were amortized among the Fund's shareholders during a period of five years from the commencement of the Fund's operations (November 30, 1990).

Expenses

The Fund bears all of the continuing offering costs and all other expenses incurred in the operation of the Fund, if any, including the ordinary and necessary expenses directly related to its investment and trading activities, all insurance expenses, all administration fees and all legal and auditing fees, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund. The Fund pays a quarterly expense reimbursement to the Manager in an amount equal to one-fortieth of one percent (0.025%) of the Net Asset Value (ten basis points per annum) of the Fund in consideration of the Manager bearing certain of the internal accounting and operational costs incident to the Fund's activities.

Performance Fee

The Manager will receive, for each calendar quarter, a performance fee (the "Performance Fee") in an amount equal to 20% of the amount of any New High Net Profits earned by the Fund. Shares which are purchased or redeemed during a calendar quarter shall be subject to the payment of the Performance Fee only for the portion of the quarter during which such Shares were outstanding. New High Net Profits are defined as the excess, if any, of, respectively, (A) the Net Asset Value as of the last day of a calendar quarter (before the deduction of the current Performance Fee, if any, paid or payable) over (B) the difference between (i) the sum of (a) the highest Net Asset Value of the Company as of the last day of any

preceding calendar quarter during which such Share was outstanding, or the date of the initial closing of this offering (or if such Share was issued thereafter, as of the date of such issuance, whichever date the Net Asset Value was higher), and (b) the amount of any subscription proceeds for Shares issued as of, or subsequent to, the date thereof, and (ii) the amount of dividends, distributions and redemptions payable as of, or subsequent to, the date thereof, and losses, if any, associated with redeemed shares. IN OTHER WORDS, PERFORMANCE FEES WILL ONLY BE PAID ON "NEW APPRECIATION" IN THE NET ASSET VALUE OF THE FUND. No Share will be subject to the payment of a Performance Fee until all Shares have recouped their respective loss carryovers, i.e., until the Net Asset Value of such Shares is at least as high as the previous highest Net Asset Value per Share. The Manager will reduce any Performance Fees otherwise payable to it by offsetting it against an amount equal to the "Shared Cash Flow Amount" attributable to Non-BLM Investments (as defined in "POTENTIAL CONFLICTS OF INTEREST", below).

Pursuant to its agreement with the Fund, the Manager may elect to defer payment of all or a portion of its Performance Fee.

Salaries and Other Personnel Expenses

Mr. Noel will not be compensated for serving as a director of the Fund, but he and representatives of the Manager will be reimbursed by the Fund for any out-of-pocket expenses they may incur in attending meetings of the Board of Directors or of shareholders. The Directors not affiliated with the Manager, of which there are at the present time two, will each be paid a fee of \$5,000 per annum by the Fund together with his out-of-pocket expenses in attending meetings of the Board of Directors or of shareholders.

ESCROW BANK AND CUSTODIAN

The Fund's escrow account is maintained at Citco Bank Nederland N.V. Citco Global Custody ("Citco Custody") has agreed to act as custodian of the Fund's assets. BLM has entered into an agreement with Citco Custody pursuant to which BLM will serve as a sub-custodian of the Fund's assets.

ADMINISTRATOR, REGISTRAR AND TRANSFER AGENT

Pursuant to an agreement between Citco and the Fund, Citco serves as the administrator for the Fund, under the overall direction of the Fund's Board of Directors. As administrator, Citco has the responsibility for furnishing the day to day administrative services which the Fund may require, such as: accounting services; maintaining the Fund's books and records; preparation of reports and accounts; calculation of Net Asset Value and fees; communications with shareholders and/or governmental bodies; paying the Fund's expenses; providing suitable facilities and procedures for handling dividends and distributions (if any) and the orderly liquidation and dissolution of the Fund, if required.

To the extent that Citco relies on information supplied by the Fund, any investee fund of the Fund or any brokers engaged by the Fund, in connection with making any of the aforementioned calculations, Citco's liability for the accuracy of such calculations is limited to the accuracy of its computations. Citco shall not be liable for the accuracy of the underlying data provided to it.

RISK FACTORS

The purchase of Shares in the Fund involves substantial risks that are incident to the Fund's allocation of assets to Bernard L. Madoff Investment Securities and its Non-BLM Investments.

1. **Trading Risks.** Substantial risks are involved in the trading of equity securities and options. Market movements can be volatile and are difficult to predict. U.S. Government activities, particularly those of the Federal Reserve Board, can have a profound effect on interest rates which, in turn, substantially affects securities and options prices, as well as the liquidity of such markets. Politics, recession, inflation, employment levels, trade policies, international events, war and other unforeseen events can also have significant impact upon the prices of securities and options. A variety of possible actions by various government agencies also can inhibit the profitability of the Fund's business or can result in losses. Such events, which can result in huge market movements and volatile market conditions, create the risk of catastrophic losses for the Fund.

Various techniques are employed to attempt to reduce a portion of the risks inherent in the trading strategies utilized on behalf of the Fund. The ability to achieve the desired effect through a particular technique is dependent upon many factors, including the liquidity of the market at the desired time of execution. Thus, substantial risk remains that the techniques employed on behalf of the Fund by Bernard L. Madoff Securities and the Non-BLM Investment managers cannot always be implemented or effective in reducing losses. At various times, the markets for exchange-listed equity securities and options and/or other securities may be "thin" or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. In addition, options prices are extremely volatile. The volume and volatility of trading in these markets depends in part on general public interest and public opinion concerning economic conditions as well as the liquidity provided by market-makers and specialists. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult to get an order executed at a desired price.

2. **Securities Trading is Speculative.** Options and, sometimes, stock prices, are highly volatile. Price movements are influenced by, among other things, changing supply and demand relationships, governmental trade programs and policies, and national and international political and economic events. The value of an option depends largely upon the likelihood of favorable price movements in the underlying interest in relation to the exercise price during the life of the option.

3. **Trading Strategies May Not be Successful.** There can be no assurance that any trading method employed on behalf of the Fund by Bernard L. Madoff Investment Securities or the Non-BLM Investment managers will produce profitable results, and the past performance of the Fund is not necessarily indicative of its future profitability. In that regard, certain of the managers receiving Non-BLM Investment allocations may not have investment records compiled while managing assets on their own. Profitable trading is often dependent on anticipating trends or trading patterns. In addition, markets experiencing random price fluctuations, rather than defined trends or patterns, may generate a series of losing trades. There have been periods in the past when the markets have been subject to limited and ill-defined price movements, and such periods may recur. Any factor which may lessen major price trends (such as governmental controls affecting the markets) may reduce the prospect for future trading profitability. Any factor which would make it difficult to execute trades, such as reduced liquidity or extreme market developments resulting in prices moving the maximum amount allowed in a single day, could also be detrimental to profits or cause losses.

4. **Dependence Upon Principals and Key Employees of the Manager and Bernard L. Madoff Investment Securities.** The services of the Manager's principals and key employees and Bernard L. Madoff Investment Securities are essential to the continued operations of the Fund. If their services were no longer available, their absence would have an adverse impact upon an investment in the Fund. The Manager has allocated the predominant portion of the Fund's assets to a managed account at Bernard L. Madoff Investment Securities. As a result, the Fund is subject to the judgment, decisions and trading opinions of Bernard L. Madoff Investment Securities and has no control over the decisions

implemented by Bernard L. Madoff Investment Securities. The key employees of the Manager will allocate a small portion of the Fund's assets between and among the Non-BLM Investment managers. The Fund will be dependent on the continued presence of these key employees in connection with identification of the recipients of these allocations and the monitoring of the Non-BLM Investments.

5. **Conflicts of Interest.** The Manager, Bernard L. Madoff Investment Securities and the Non-BLM Investment managers receiving allocations of the Fund's assets, and their respective principals and affiliates, are presently affiliated with and may in the future form and manage, or provide other services to, other investment entities (including without limitation investment partnerships, investment companies and mutual funds) with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. In addition, the Manager functions as the investment manager for unregistered foreign investment companies in addition to the Fund. Such activities could detract from the time that the Manager, Bernard L. Madoff Investment Securities and their respective principals allocate to the affairs of the Fund. The Manager will obtain certain business and financial benefits from the Fund's investments in the Non-BLM Investments which may result in a conflict of interest between the Manager and the Fund in the selection of, and allocation of assets between and among the Non-BLM Investments. See "POTENTIAL CONFLICTS OF INTEREST".

6. **Conflicts of Interest-Transaction Executions.** Bernard L. Madoff Investment Securities, in its role as a market maker, effects transactions in equity securities with the Fund as principal. The firm also makes the investment decisions on behalf of the Fund through a grant of discretionary authority over the Fund's account at Bernard L. Madoff Investment Securities. As a result of this discretionary authority, Bernard L. Madoff Investment Securities has the ability to use the Fund's assets to enhance its equities market-making function and no arm's-length relationship exists between the Fund and Bernard L. Madoff Investment Securities in the execution of stock transactions for the Fund's account.

7. **Competition.** The securities industry, including market-making activities and transactions effected in connection therewith, are very competitive. Competition from other persons or entities involved in activities similar to those of the Fund can restrict the ability of the Fund to acquire positions at the prices deemed most beneficial to its overall trading strategies. Many such competing persons or entities are better capitalized and have more experience in trading than the Fund. Moreover, the widespread use of computer-assisted trading systems for trading strategies can alter trading patterns or affect execution of trades to the detriment of the Fund.

8. **Regulated Industries.** The securities industry is highly regulated. The Fund will not be directly subject to regulation by the SEC, national securities exchanges or the Federal Reserve Board. However, the SEC regularly reviews the practices and procedures of the securities industry, and the market place in general, and from time to time revises rules and regulations pertaining thereto. The exchanges engage in similar reviews and at times revise their rules. There can be no assurance whatsoever that any rules and regulations promulgated by the SEC, the Federal Reserve Board, or the various securities exchanges or statutory amendments to the Securities Exchange Act of 1934 will not adversely impact the Fund.

9. **Clearing Firm Loss or Insolvency.** If a clearing firm utilized in connection with accounts maintained on behalf of the Fund, including Bernard L. Madoff Investment Securities, was to become insolvent, the Fund could have some or all of these positions closed out without its consent. All of Fund's positions may not be closed out under these circumstances, yet delays or other difficulties may be experienced in attempting to close out or exercise options positions. Widespread insolvency among clearing firms that clear securities options could also impair the ability of the Options Clearing Corp. (the

“OCC”) to honor all exercises, in spite of the system of safeguards which the OCC has in place. Such widespread insolvency could result in substantial losses to the Fund.

10. **Over-the-Counter Options Transactions.** A portion of the options transactions effected on behalf of the Fund may utilize the over-the-counter market for their execution. Trading index options in the over-the-market is subject to counter-party risk and is without the protections afforded by transactions effected through the Options Clearing Corporation, a registered options exchange.

11. **Call Options.** The Fund may purchase and sell call options. There are risks associated with the sale and purchase of call options. The seller (writer) of a call option which is covered (e.g., the writer holds the underlying security) assumes the risk of a decline in the market price of the underlying security below the purchase price of the underlying security less the premium received, and gives up the opportunity for gain on the underlying security above the exercise price of the option. The seller of an uncovered call option assumes the risk of a theoretically unlimited increase in the market price of the underlying security above the exercise price of the option.

The buyer of a call option assumes the risk of losing his entire investment in the call option. If the buyer of the call sells short the underlying security, the loss on the call will be offset in whole or in part by any gain on the short sale of the underlying security (if the market price of the underlying security declines).

12. **Put Options.** The Fund will effect transactions in put options. There are risks associated with the sale and purchase of put options. The seller (writer) of a put option which is covered (e.g., the writer has a short position in underlying security) assumes the risk of an increase in the market price of the underlying security above the sales price (in establishing the short position) of the underlying security plus the premium received, and gives up the opportunity for gain on the underlying security below the exercise price of the option. If the seller of the put option owns a put option covering an equivalent number of shares with an exercise price equal to no greater than the exercise price of the put written, the position is “fully hedged” if the option owned expires at the same time or later than the option written. The seller of an uncovered put option assumes the risk of a decline in the market price of the underlying security below the exercise price of the option.

The buyer of a put option assumes the risk of losing his entire investment in the put option. If the buyer of the put holds the underlying security, the loss on the put will be offset in whole or in part by any gain on the underlying security.

13. **Option Buyer’s Risk of Loss of Entire Investment.** An option is a wasting asset which becomes worthless when the option expires. As the remaining life of an option shortens with the passage of time, its value is reduced until it reaches zero upon expiration. This means that the option buyer who neither sells it in the secondary market nor exercises it prior to expiration will lose his entire investment in the option.

14. **Arbitrage Transactions.** Among the many risks of arbitrage transactions are that two or more buy or sell orders may not be able to be executed simultaneously at the desired prices, resulting in a loss being incurred on both sides of a multiple trade arbitrage transaction. Also, the transaction costs of arbitrage transactions can be especially significant because separate costs are incurred on each component of the combination. Consequently, a substantial favorable price movement may be required before a profit can be realized.

15. **Combination Transactions.** At various times, the Fund may engage in spreads or other combination options transactions involving the purchase and sale of related options contracts, in various combinations. Such transactions are considerably more complex than the purchase or writing of a single

option. The following are among the many risks of combination option transactions: the difficulty that may be involved in attempting to execute simultaneously two or more buy or sell orders at the desired prices; the possibility that a loss could be incurred on both sides of a multiple options transaction; and the possibility of significantly increased risk exposure resulting from the hedge against loss inherent in most spread positions being lost as a result of the assignment of an exercise to the short leg of a spread while the long leg remains outstanding. Also, the transaction costs of combination options transactions can be especially significant because separate costs are incurred on each component of the combination. This can have the effect of requiring a substantial favorable price movement before a profit can be realized.

16. **Straddle Writing Involves the Risk of Unlimited Loss.** In the case of straddle writing, where the investor writes both a put and a call on the same underlying interest at the same exercise price in exchange for a combined premium on the two writing transactions, the potential risk is unlimited. To the extent that the price of the underlying interest is either above or below the exercise price by more than the combined premium, the writer of a straddle will incur a loss when one of the options is exercised. If the writer is assigned an exercise on one option position in the straddle and fails to close out the other position, subsequent fluctuations in the price of the underlying interest could cause the other option to be exercised as well, causing a loss on both writing positions.

17. **Trading Decisions Based on Trend Analysis.** Certain of the trading decisions of the Fund are based on the use of computer pricing models to identify apparently overpriced or underpriced options in relationship to an assumed norm. In addition, analyses of price and other fluctuations over time may be relied upon which utilize charts and computers in order to discern and predict trends. Trading based on such analyses is subject to the risks that options premiums will not increase or decrease as predicted by the analyses, or that trades dictated by the analyses may not be executed in time to take advantage of the price disparities. This latter risk is likely to materialize when numerous market makers use similar analyses, all of which dictate the desirability of executing identical or similar contracts. In the past, there have been periods without identifiable trends and, presumably, such periods will continue to occur. Trading models or analyses that depend upon the forecasting of trends will not be profitable if there are not identifiable trends of the kind that the models or analyses seek to follow. Any factor which would make it more difficult to execute trades in accordance with the models or analyses signals, such as a significant lessening of liquidity in a particular market, would also be detrimental to profitability.

18. **Assignment of Puts or Calls.** Substantial losses may result under certain circumstances if a hedged position becomes a long or short position due to the assignment of the short put or short call portion of the hedged position. Under normal market conditions, the remaining portion of the previously hedged position may be liquidated or otherwise adjusted to limit exposure to price changes. Suspension of trading of the option class or underlying securities followed by a price gap at the reopening of trading might result in substantial losses. The same would be true given an illiquid market such as that of October 1987.

19. **Prohibition of Exercise Rights.** The options markets have the authority to prohibit the exercise of particular options. If a prohibition on exercise is imposed at a time when trading in the option has also been halted, holders and writers of that option will be locked into their positions until one of the two restrictions has been lifted.

20. **Compensation Arrangements of Non-BLM Investments.** The Non-BLM Investment managers will generally be compensated through incentive arrangements. Under these arrangements, the Non-BLM Investment manager may benefit from appreciation, including unrealized appreciation in the value of the Non-BLM Investment, but may not be similarly penalized for decreases in the value of such investment vehicle. Such fee arrangements may create an incentive for the Non-BLM Investment

managers to make purchases that are unduly risky or speculative. In most cases, however, the Fund anticipates that it will invest in Non-BLM Investments where the manager is required to recoup prior losses before any performance-type fee is payable in respect of current gains.

21. **Risks of Leverage.** The Non-BLM Investment vehicles in which the Fund invests may borrow funds in connection with their investment strategies. A particular Non-BLM Investment vehicle may not be subject to any limitation in the amount of its borrowings, and the amount of borrowings that the Non-BLM Investment vehicle may have outstanding at any time may be large in comparison to its capital.

The use of leverage may provide the Non-BLM Investment vehicle with the opportunity for greater capital appreciation, but at the same time will increase the Non-BLM Investment vehicle's, and indirectly the Fund's, exposure to capital risk and higher current expenses. Moreover, if the assets of the Non-BLM Investment vehicle are not sufficient to pay the principal of, and interest on, the Non-BLM Investments vehicle's debt when due, the Fund could sustain a total loss of its investment in the Non-BLM Investment vehicle.

22. **Possibility of Misappropriation of Assets.** When the Fund invests with Bernard L. Madoff Investment Securities or in a Non-BLM Investment vehicle, it will not have custody of the assets so invested. Therefore, there is always the risk that the personnel of any entity with which the Fund invests could misappropriate the securities or funds (or both) of the Fund.

23. **Sole Proprietor Non-BLM Investment Managers.** Some of the Non-BLM Investment vehicles to which the Fund may allocate capital may consist of investment operations with only one principal. In such cases, if that individual's services became unavailable to the Non-BLM Investment vehicle, the Fund might sustain losses.

24. **Experience of Non-BLM Investment Managers.** While certain of the Non-BLM Investment Managers have had extensive experience in trading securities generally and within their specific investment strategies, they may have had little experience in investing and trading on behalf of a pooled investment vehicle, in utilizing certain of the investment strategies to be employed on behalf of the Fund or in managing an account as large as that anticipated for the Non-BLM Investments. In that regard, as the assets of the Non-BLM Investment vehicles increase, it is not known what effect, if any, this will have on the trading strategies utilized on their behalf or their investment results.

25. **Emerging Managers.** As the Non-BLM Investment vehicles generally will be in an early stage of formation or operation, this can pose a number of operational and other issues. For example, in its early stages the Non-BLM Investment manager may have little capital available to cover expenses and, accordingly, may have difficulty attracting qualified personnel. Competing Investment managers have a larger number of qualified management and technical personnel and benefit from a larger capital base.

26. **Lack of Liquidity.** Certain of the Fund's investments in the Non-BLM Investments will be subject to lock-up provisions any which will limit the ability of the Fund to withdraw capital from such investment. While such lock-up period may be subject to early release for breach of risk control or performance guidelines or for cause, there can be no assurance that the Fund will not sustain additional losses while such lock-up period remains in effect.

27. **Exchange Rate Risk.** The Fund will maintain its assets in U.S. dollars. The Net Asset Value per Share is determined in U.S. dollars. Non-dollar investments are subject to possible reduction in

the value of their Shares due to changes in the rate of exchange between the U.S. dollar and their native currency.

POTENTIAL CONFLICTS OF INTEREST

The Manager, Bernard L. Madoff Investment Securities, the Non-BLM Investment managers and their respective affiliates, officers and employees may form and manage other investment entities (including without limitation investment partnerships, investment companies, mutual funds and offshore funds) and provide investment services to clients other than the Fund in the future with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. Such activities could detract from the time they allocate to the affairs of the Fund and negatively impact the Fund's investment opportunities. Similarly, Messrs. Naess and Schmid, the non-affiliated directors, have other business interests and will not devote their entire time to the Fund's affairs. See also "RISK FACTORS". In connection with the investment of Fund assets in Non-BLM Investments, the Manager and its affiliates may obtain financial and business benefits, including but not limited to: (i) additional investment capacity in Non-BLM Investment strategies, which may be made available to other clients of the Manager, (ii) compensation from Non-BLM Investment managers in connection with placement of such additional investment capacity, and/or (iii) sharing in the equity or cash flows of the entire investment business (Fund and non-Fund related) of such Non-BLM Investment managers. The Manager will share with the Fund, through Performance Fee offset, a portion of the benefits described in clauses (ii) and (iii) of the preceding sentence (the "Shared Cash Flow Amount"). Despite this sharing, however, the arrangements described in this paragraph may result in a conflict of interest between the Manager and the Fund.

Because the Fund was organized by the Manager, the fees paid by the Fund to the Manager were not the result of arms-length negotiation.

The Fund may engage placement agents to market the Fund. If you are introduced to the Fund by an agent, you should expect it to be paid by the Manager for the introduction, out of the fees the Manager receives from the Fund. You should also expect the agent to have an incentive to recommend that you remain an investor in the Fund, since the agent will likely be paid a portion of the Manager's fees each year that you remain an investor.

Because Mr. Noel is a principal of the Manager as well as a Director of the Fund, he may have an incentive to take actions as a Director that favors the Manager over the Fund.

The legal counsel to the Fund were retained by the Manager and does not represent the interests of the investors in the Fund.

PRIOR TRADING RESULTS

The Fund's securities trading activities are directed by the Manager. Set forth below are the prior trading results of the Fund since its inception. The trading results of the other entities for which FGL or its affiliates have directed trading, or with which they have otherwise been affiliated, may be obtained upon request.

The Fund

The Fund allocates its assets to an account at Bernard L. Madoff Investment Securities (not affiliated with the Fund's Directors or FGL) which employs a strategy described as "split strike conversion". This

strategy has defined risk and profit parameters which may be ascertained when the position is established. The transactions for a typical position would be (i) the purchase of a group or basket of equity securities that together will highly correlate to the OEX, (ii) the sale of out of the money OEX call options in an equivalent contract value dollar amount to the basket of equity securities purchased, and (iii) the purchase of an equivalent number of out-of-the-money OEX put options. A call option is out-of-the-money when its strike price is greater than the current price of the stock. The basket typically consists of approximately 35 stocks in the S&P Index. The Fund issued its shares at \$200 per share as on November 30, 1990. As of May 31, 2002, Net Asset Value per Share was \$845.52 (subject to audit). Prior performance is shown below on a monthly basis through May 2002.

NOTES TO TABLE

- 1) Beginning Net Asset Value represents the sum of cash, cash equivalents and equity balances in trading accounts accounted for at fair market value. Beginning Net Asset Value is the same as the previous reporting period's Ending Equity.
- 2) Additions are the sum of capital contributions as of the last day of the reporting period.
- 3) Withdrawals are the sum of partial or total withdrawals of capital as of the last day of the reporting period.
- 4) Net Profit/Loss is the sum of the profits and losses realized from trading activities during the reporting period net of the quarterly performance fee (20% of new high net profits) and other expenses for the reporting period, which has been allocated monthly for purposes of this chart.
- 5) Ending Equity is the sum of Beginning Net Asset Value plus additions, minus withdrawals, and Net Profit/(Loss) for the reporting period. Ending Equity is the Beginning Net Asset Value for the following reporting period.

- 6) Rate of Return is calculated by dividing Net Profit/(Loss) for the reporting period by the Beginning Net Asset Value for that reporting period. The cumulative Rate of Return figures which appear at the end of each year are calculated by applying on a compound basis each of the monthly or quarterly rates of return for such year to the Beginning Net Asset Value at the beginning of such year, not by adding or averaging the rates of return.

DESCRIPTION OF SHARES

The Fund is authorized to issue up to 5,000,000 Shares of common stock in one class with a par value of U.S. \$.01 each. The Fund has an authorized share capital of U.S. \$100,000. The Shares will be issued in registered form. Each Share, when issued, will be fully paid and non-assessable.

Holders of Shares are entitled to one vote per Share and will participate on a pro rata basis in the assets of the Fund on liquidation and in dividends and other distributions as declared.

DIVIDEND POLICY

Since the business objective of the Fund is directed toward achieving capital appreciation, it is anticipated that the Fund will not declare any dividends or make any distributions to its shareholders. Subject to the foregoing and to applicable law, the Fund's Board of Directors will have sole discretion in determining the amount and frequency of dividend distributions, if any.

TRANSFERS, REDEMPTIONS AND TERMINATION

Transfers

NO SALE OR TRANSFER OF SHARES WILL BE PERMITTED WITHOUT THE FUND'S CONSENT; HOWEVER, SHARES MAY BE REDEEMED AS OF THE LAST DAY OF EACH CALENDAR MONTH ON FIFTEEN (15) BUSINESS DAYS' NOTICE TO THE FUND.

Any sale or transfer of a shareholder's entire interest in any Shares or any transfer of Shares by operation of law must be submitted to the Fund for consent and will not be effective until such consent is given by the Fund. Any other dealing with Shares by way of assignment, pledge, mortgage or otherwise is prohibited unless consented to by the Fund and any attempt to do so without first obtaining the consent of the Fund, which consent may be withheld in the sole and exclusive discretion of the Fund, will constitute grounds for compulsory redemption of the Shares concerned as of the next permissible redemption date (as described below) and the imposition of a processing charge of 2% of the Net Asset Value with respect to such redemption. Any application to record a transfer of Shares, including an application to record a transfer by operation of law, if not approved by the Fund within 30 days, also will be treated as an application to redeem the Shares in question as of the next permissible redemption date and will be subject to a processing charge per share of 2% of the Net Asset Value per Share.

THE DISPOSITION OF SHARES TO U.S. PERSONS (AS DEFINED UNDER "OFFERING OF THE SHARES") WITHOUT THE PRIOR WRITTEN APPROVAL OF THE FUND IS EXPRESSLY PROHIBITED, AND THE FUND SHALL HAVE THE RIGHT COMPULSORILY AND IMMEDIATELY TO REDEEM ANY SHARES HELD FOR ANY REASON BY U.S. PERSONS.

Redemptions at the Option of the Shareholders

A shareholder may cause part or all of his Shares to be redeemed as of the last day of any month, provided that the Fund shall be in receipt of written notice of redemption for at least fifteen (15) business

days prior to such redemption date. In the Fund's discretion, a shareholder requesting redemption of part of his Shares may be required to redeem all of his Shares unless such shareholder notifies the Fund to cancel the redemption.

Compulsory Redemption

The Fund reserves the right to call all or a part of a shareholder's Shares for redemption at any time for any reason or no reason. Except as set forth above, no processing charge will be imposed with respect to any Shares so compulsorily redeemed.

Redemptions - General Information

Redemptions will be at the Net Asset Value per Share, subject to any applicable processing charge, as described above. If notice of intent voluntarily to redeem is not received by the Fund within the prescribed period of time, then in the Fund's discretion, the redemption date may be deferred to the end of the next following permissible redemption period, unless the shareholder notifies the Fund to cancel the redemption. With respect to a total redemption of Shares, except in the case of extraordinary circumstances, such as an inability to liquidate existing positions, or the default or delay in payments due the Fund from brokers, banks or other persons, payment on redemptions will be made within 30 days after the redemption date. The Fund will not pay interest to the redeeming shareholders on any payment.

Partial redemptions will be paid in total within 30 days after the redemption date.

Shareholders bear the risk of any decline in Net Asset Value from the date notice of intent to redeem is given until the redemption date. In addition, the Fund reserves the right temporarily to suspend any redemption if the effect of substantial redemptions would seriously impair the Fund's ability to operate. Requests for redemption can be made by use of the form included in the Subscription Documents which accompany this Information Memorandum.

Termination

The shareholders may, by a majority vote, elect to wind up and dissolve the Fund at any time. If the Fund's Board of Directors determines that it would be in the best interests of the Fund to wind up and dissolve the Fund at any time, it will recommend to the shareholders that they vote to do so, and will submit a plan of dissolution for approval by the shareholders.

ANTI-MONEY LAUNDERING REGULATIONS

As part of the Fund's responsibility for the prevention of money laundering, the Manager and its affiliates, subsidiaries or associates may require a detailed verification of a shareholder's identity, any beneficial owner underlying the normal ownership of the Shares and the source of the payment for the Shares.

The Fund and the Manager reserve the right to request such information as is necessary to verify the identity of a subscriber and the underlying beneficial owner of a subscriber's or a shareholder's Shares in the Fund. In the event of delay or failure by the subscriber or shareholder to produce any information required for verification purposes, the Fund may refuse to accept a subscription or may cause the redemption of any such shareholder from the Fund. The Fund, by written notice to any shareholder, may suspend the redemption rights of such shareholder if the Fund reasonably deems it necessary to do so to comply with anti-money laundering regulations applicable to the Fund, the Manager or any of the Fund's other service providers.

Each subscriber and shareholder shall be required to make such representations to the Fund as the Fund and the Manager shall require in connection with such anti-money laundering programs, including without limitation, representations to the Fund that amounts contributed by it to the Fund were not directly or indirectly derived from activities that may contravene U.S. federal, state or international laws and regulations, including anti-money laundering laws and regulations.

BRITISH VIRGIN ISLANDS ANTI-MONEY LAUNDERING POLICIES

To ensure compliance with statutory and other generally accepted principles aimed at the prevention of money-laundering, the Fund and/or Citco (referred to at times as the "Administrator") will require a detailed verification of a prospective investor's identity. Depending on the circumstances of each application, a detailed verification may not be required if:

(a) the applicant makes the payment from an account in the applicant's name at a recognized financial institution;

(b) the application is made through a recognized intermediary.

These exceptions will apply only if the financial institution or intermediary referred to above is within a country recognized as having sufficient anti money-laundering regulations.

An individual may be required to produce a copy of a passport or identification card certified by a notary public. Corporate applicants or other legal entities may be required to produce a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or equivalent), the names, occupants, dates of birth and residential and business addresses of all directors and the signatory card verifying the authority of officers to sign on behalf of the corporate entity. Trusts, or similar organizational units without a specified beneficial owner, which subscribe to the Fund must demonstrate organizational documents which verify their existence and the authority of one or more signatories to sign subscriptions on their behalf.

Pending the provision of evidence satisfactory to the Administrator as to the identity of any prospective investor, the evidence of title in respect of Shares may be retained at the absolute discretion of the Administrator. If within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as aforesaid, it may, in its absolute discretion, refuse to allot the Shares applied for in which event application moneys will be returned without interest to the account from which such moneys were originally debited.

Financial institutions which have been duly qualified and authorized to exercise their activity in their respective countries as a bank and which are subject to internationally recognized anti-money laundering legislation may subscribe for Shares on behalf of their clients.

TAX CONSIDERATIONS AND EXCHANGE CONTROL

Under current legislation in the British Virgin Islands (the "BVI"), there should be no income tax, capital gains or withholding tax, estate duty or inheritance tax payable by the Fund or its shareholders who are not residents or citizens of the BVI, in respect of their Shares.

There are no exchange control restrictions in the BVI. Accordingly, the Fund will be free to acquire, to hold and to sell any foreign currency and securities without restriction.

The Fund's gains from its investments in or trading in stocks, options or other investments should not be subject to United States federal income, branch or withholding taxes because the Fund expects that it will not be engaged (or treated as engaged) in a "trade or business" in the United States, or treated as a personal holding company, for United States federal income tax purposes. Any dividend income received by the Fund from U.S. corporations generally will be subject to United States federal withholding taxes. Although substantially all of the interest earned by the Fund from sources within the United States is expected to be of the type which will not be subject to United States federal income, branch or withholding taxes, the Fund may earn interest from time to time that could be subject to United States federal income, branch or withholding taxes (although it is not expected that the amount of such taxes would be material). In addition, with respect to Shares held by non-U.S. persons who are not engaged in a "trade or business" in the United States (as defined under the Code), such persons should not be subject to United States federal income, branch or withholding taxes (i) on dividends paid to them by the Fund and (ii) on the redemption of their Shares by the Fund. The Fund expects that it will not be subject to state and local taxes in the United States on its income or capital. Because of the absence of full guidance under state and local law, however, this result is not entirely clear. The conclusions in this paragraph are based on the Code and existing laws, judicial decisions and administrative regulations, rulings and practice in the United States, all of which are subject to change.

Prospective subscribers should consult their professional advisors on the possible tax consequences of subscribing for, buying, holding, selling, transferring or redeeming Shares under the laws of their country of citizenship, residence or domicile.

investigation it has conducted. (Subscriber has had an opportunity to obtain any additional information about the Fund that it has requested.) Subscriber has not relied on any representation inconsistent with the information in the Fund Documents.

8. Subscriber Sophistication and Financial Condition. Subscriber has such knowledge and experience in financial and business matters that it is capable of evaluating the risks of this investment. Subscriber has obtained sufficient information from the Fund or its authorized representatives to evaluate such risks. Subscriber has not relied on any person as a purchaser representative in connection with that evaluation. Subscriber has determined that the Shares are a suitable investment for it. Subscriber's investment is consistent with its investment purposes and objectives and cash flow requirements, and will not adversely affect Subscriber's overall need for diversification and liquidity. Subscriber can afford a complete loss of this investment, and can afford to hold the Shares for an indefinite time.

9. Investment Intent. Subscriber is buying the Shares solely for investment purposes and not with a view to distribute, subdivide or resell the Shares.

10. Subsequent Subscriptions. If Subscriber subscribes for additional Shares at a later date, Subscriber shall be deemed to have re-executed this Agreement in subscribing for those Shares.

11. Registration of Shares; Certificates. The Shares issued to Subscriber will be registered on the Fund's books in the name of Subscriber and not any nominee. Share certificates will not be issued to Subscriber unless it so requests in writing.

12. Binding Nature of Agreement. This Agreement shall be binding upon Subscriber and its heirs, representatives, successors and permitted assigns, and shall inure to the benefit of the Fund's successors and assigns. The Agreement shall survive the acceptance of the subscription. If Subscriber consists of more than one person, the Agreement shall be the joint and several obligation of each person.

13. Governing Law. This Agreement shall be governed and enforced in accordance with New York law, without giving effect to its conflict of laws provisions.

14. Authority. Subscriber's execution, delivery and performance of this Agreement are within its powers, have been duly authorized and will not constitute or result in a breach or default under or conflict with any order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which Subscriber is a party or by which it is bound, and, if Subscriber is not an individual, will not violate any provision of the incorporation papers, by-laws, indenture of trust or partnership agreement, as may be applicable, of the Subscriber. The signature on this Agreement is genuine, and the signatory, if Subscriber is an individual, has legal competence and capacity to execute the Agreement, or, if Subscriber is not an individual, the signatory has been duly authorized to execute the Agreement, and the Agreement constitutes a legal, valid and binding obligation of Subscriber, enforceable in accordance with its terms.

Subscriber consents to the service of process out of any New York court in any such Proceeding, by the mailing of copies thereof, by certified or registered mail, return receipt requested, addressed to Subscriber at the address of Subscriber then appearing on the Fund's records. Subscriber in any manner permitted by any applicable law in any relevant jurisdiction.

16. Anti Money-Laundering. Subscriber represents that the subscription funds are not the direct or indirect proceeds of drug trafficking or other criminal activity, including activities that contravene the anti-money laundering laws and regulations of any country. Subscriber understands that, as part of the responsibility of the Fund and the Administrator for protection against money-laundering, the Administrator may require a detailed verification of Subscriber's identity. Depending on the circumstances of each application, a detailed verification might not be required where Subscriber makes the payment from an account held in Subscriber's name at a recognized financial institution; or the application is made through a recognized intermediary. These exceptions will only apply if the financial institution or intermediary referred to above is within a country recognized as having sufficient anti-money laundering regulations. For example, an individual may be required to produce a copy of a passport or identification card duly certified by a notary public, together with evidence of his/her address such as a utility bill or bank statement and date of birth. In the case of entity subscribers, this may require production of a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or the equivalent), the names, occupations, dates of birth and residential and business addresses of all directors. The Administrator and the Fund reserve the right to request such information as is necessary to verify the identity of Subscriber. In the event of delay or failure by Subscriber to produce any information required for verification purposes, the Administrator may refuse to accept the subscription and the subscription monies relating thereto or may refuse to process a redemption request until proper information has been provided. Subscriber further agrees that the Fund and any other service provider shall be held harmless and indemnified against any loss arising as a result of a failure to process the subscription or redemption if such information as has been required by the parties referred to has not been provided by Subscriber.

18. Confidentiality. The Fund may disclose the information about Subscriber that is contained herein as the Fund deems necessary to comply with applicable law or as required in any suit, action, or proceeding.

19. Indemnification. Subscriber agrees to indemnify and hold harmless the Fund and any other service provider to it, and any partner, manager, officer, director, shareholder, agent, employee or affiliate thereof, against any loss, liability or expense relating to any misrepresentation or breach of covenant by Subscriber herein or in any other document furnished by Subscriber in connection with its subscription.

20. Enforceability. If any provision hereof is invalid or unenforceable under any applicable law, it shall be deemed inoperable to that extent (and modified to the extent necessary to comply with that law) and its invalidity or unenforceability shall not affect any other provision hereof.

21. Non-U.S. Currencies. If Subscriber subscribes in a currency other than that of the U.S., Subscriber agrees that the Fund may sell such subscription funds at the market rate for that currency and that the Shares will be issued to the value of the proceeds, minus the reasonable costs relating to the sale.

22. Appointment of Revocable Proxy. Subscriber hereby designates and appoints the Administrator with full power of substitution, as its true and lawful proxy and attorney-in-fact for the purpose of voting the Shares subscribed for herein or otherwise acquired as said proxy may determine on any and all matters which may arise at any meeting of shareholders and upon which such Shares could be voted by Shareholders present in person at that meeting. This proxy may be revoked by the owner of record of the Shares hereby subscribed for, either personally or by presentation of a subsequently executed proxy at any meeting of Shareholders, or by written notice to the Administrator at the above

address (or such other address as the Fund or the Administrator shall furnish in writing to a Shareholder) received before the meeting.

23. If Subscriber is acting as a Representative. Subscriber has all requisite authority from the Beneficial Shareholder to execute and perform the obligations hereunder.
