Yes, Jerome our CIO always refused to invest in Madoff. He always believed there were too many risks involved. But the side-effect is a disastrous image of the hedge fund industry in general, and it might trigger a new wave of redemption from shareholders who have reinforced reasons to disbelieve in this industry...

Anyway, let's resolve one issue after the other and for the present, we are happy not to be in Madoff.

Best regards,
Tim

Thanks Tim
Understand completely. Let's catch up in the New Year.

We are going back to Ireland on Sunday for 2 weeks.

By the way, It was good to see that you had no exposure to Madoff. I hope this helps with your marketing. I saw another letter from another client sending out the same message.

Wishing you and your family a very happy Christmas and a healthy and prosperous New Year. I think we all need a break from 2008...

Speak soon.
Philip

Hi Philip,

Thank you for the invitation. It is a bit difficult for me to go out for lunch these days. The current situation is quite demanding... Would you mind if we postpone it to January?

When do you go back to Ireland? Have a Merry Christmas and a Happy New Year. Say hi to Kirsten and the whole family.

Best regards,
Tim
